

TWO UPCOMING EVENTS

@ Nevada Public Library

LEGAL SELF-HELP

Sept. 20 (Thurs) 7:00 - 8:00 p.m.

"Representing Yourself in Court;
An Introduction to Pro Se Litigation"

It's one thing to know your rights, but it's *another* to negotiate on your own behalf to have your rights enforced through the courts - especially when someone (*officer or civilian*) violates them. The legal system is also used for trust and monopoly busting, environmental protection, and overturning unjust laws. We're all subject to the law, so it's time we begin to use the system in our favor.

ETHNOBOTANY

Sept. 24 (Mon) 7:00 - 8:00 p.m.

"Edible, Medicinal, & Utility Uses
for Wild Plants & Trees;
An Introduction to Ethnobotany"

Learn to make acorn or buckeye nut flour, how to purify water using an oak tree, *and* several ancient cooking techniques that are both interesting *and* sure to come in useful during your next camping trip. This presentation will pique your interests *and* provide you with some ideas to improve your garden.

Presented by Nevada, IA native, author and founder of Wild Willpower (www.WildWillpower.org), Alex Wilson.

Free admission. Come Join Us!
