

**Robbed by Kern County Sheriff's Deputies**  
**Testimony by Alexandra Wilson**

**§ 15 – District Attorney committed an Abuse of Process  
which caused an unjust arrest warrant to be issued;  
Kevin and I became homeless for years**

## **We arrived to our arraignment but weren't on the court calendar:**

**July 7, 2016** – After taking the Amtrak (train) from Alameda, CA to Bakersfield (273 miles), Kevin and I traveled to Ridgecrest to the Superior Courthouse of California in accordance with the Promises to Appear we signed on May 11 (*pages 150-152*). To our surprise, we weren't on the court calendar.

## **The Clerk told us to “call the courthouse every two days for up to a year” or an arrest warrant would be issued:**

The clerk of court informed us that the **District Attorney (D.A.)** never sent over our file (which is why we weren't on the calendar), so we would need to check back once/week to see if they sent the file yet, at which time we could reschedule our arraignment. She went on to explain that if we didn't check back within 2 days of whenever the D.A. sends over the file, an arrest warrant would be issued. I asked when she anticipate the D.A. might send the file, and she said they have “up to one year.”

We purchased a copy of the court calendar to prove we came to our appearance, but weren't on the calendar (*pages 200–201, receipt on page 202*).

## **Our right to due process was violated:**

Kern County placed us under **duress** to either sign the promises to appear *or* face lengthy jail time. We would have been punished if we had missed our appearances, however after we fulfilled our obligation we had a coercive stipulation placed on us “call the courthouse every two days for the next year” or face an arrest warrant as a result of Kern County not upholding their end of the bond obligation. This **abuse of process** causes undue stress, inconvenience, and expense upon citizens. Furthermore it is a form of **extrinsic fraud** because it violates peoples' right to due process.

## **I called the courthouse on a recorded line; Clerk confirms District Attorney's abuse of process and informs me there's a warrant for my arrest:**

Later I called the courthouse to inquire about about my case. An audio recording of the the phone call may be found at <https://wildwillpower.org/cases-in-progress/california-cases/kern-cty-officers-illegally-interrupt-couples-abandoned-property-claim-causing-homelessness-and-loss-of-property>.

## **Kevin and I remained outside the state to build the case, homeless for years**

### **Key excerpts from the phone call:**

**1:17:** Clerk answers phone. Asks for case number. I give her case #RM045118C.

**2:24:** Clerk informs me there is a warrant for my arrest.

**3:04:** I explain we showed up for our arraignment but we weren't on the calendar. I requested a way to correspond with the judge in order to get my warrant **quashed** (*made void*). Clerk states that the only way I can get the warrant lifted is if I appear in court.

**5:13:** Clerk confirms that a complaint was filed by the D.A., then 2 days later the warrant was issued.

**5:45:** I ask the clerk if it is the D.A.'s responsibly to contact the court to get us on the calendar. Clerk confirms.

**6:34:** I ask the clerk if the D.A. contacted the court to put us on the calendar. Clerk states that the D.A. filed a complaint to issue the arrest warrant on August 10, 2016, and that was the first time the D.A. contacted the court regarding this case.

**7:00:** I ask the clerk for a copy of the complaint..

**9:30:** Clerk informs me I can get a copy of the complaint after I appear to my arraignment, and that it will be included in the discovery.

**10:20:** I explain to clerk that I'm out of state, and I'm concerned if I return I'll be arrested for the arrest warrant and have my vehicle impounded. I again request a way to contact the judge to explain the situation and request to get the warrant quashed so I can return to the state without the risk of being arrested.

**12:21:** Clerk explains that the D.A. filed a complaint on Aug 10, 2016, then the arrest warrant was issued Aug. 12.

**12:30:** Clerk explains that “normally” when people come to court with a ticket that shows a court date, but they aren't on the calendar because the case wasn't filed, they tell individuals to come in once a week to check in, so the court can let them know if the citation has been filed or not. The clerk explains that if you check in once/week and you catch it when it gets filed, you have a “2 day grace period” to address the issue, but *if you don't* an arrest warrant is automatically issued.

**16:09:** I request an email address from the clerk so I can receive copy of all correspondences the D.A. has made with the court regarding my case.

**16:53:** The **clerk** tells me her name is **Armanda Echevarria**, then transfers me to the records clerk.

**17:43: Records Clerk “Jody”** answers. I request a copy of correspondence between the D.A. and court. Jody explains that in order to get a copy I have to come in for arraignment.

**24:30:** Jody informs me that I can go into any police department or sheriff in any state and request a new court date.
