Good afternoon, Paul, et al:

Attached is the Motion to Continue and attachments. I sincerely apologize for this additional delay. As should be evident, I strongly felt no choice, and filed this asap.

Have a good weekend.
Sincerely,
Sondra Wilson

PS: Please let anyone know to come stand with us Monday, including the Respondents. I think they will agree, despite this issue between us, it is likely we all must put this very important issue first. Of course I would understand if they do not wish to come, but please inform them I wish them no ill will or shame should they choose to be there in solidarity for the safety of all lowans and Americans, during this time of national and statewide crises.
