

Sondra Wilson
for Iowa Governor

PILLAR I — INFRASTRUCTURE

Civilian Restoration Corps

*Concept Seal —
Open for Collaboration*

**Rebuilding Iowa's infrastructure.
Restoring opportunity for every resident.**

- ★ Fix roads and bridges statewide
- ★ Install clean water systems that work for farmers
- ★ Build food & herbal medicine community gardens
- ★ Strengthen Iowa farms through practical initiatives

What does this mean for you? →

What the CRC Delivers for Iowans

Real Jobs. Real Infrastructure. A Stronger Iowa.

100,000+ Jobs — Launching through the CRC Portal

Choose from 10 infrastructure-building initiatives:

- ✓ **High-paying, stable jobs**
 - ✓ **Excellent benefits and training**
 - ✓ **Work that strengthens your community**
-

**The CRC becomes a reality
when Iowans elect Sondra Wilson for Governor.**

How the CRC is Structured and Governed

6 Legislative Acts → **10 Initiatives** → **10 Commissions**

- ★ **Iowa Commonwealth Act (IRA)** — The CRC's Economic Engine
CRC Central Hub & Online Portal, New Iowa Stock Market,
Voucher Program, and the CRC Inventor's Guild
- ★ **Rural Iowa Revitalization Act (RIRA)**
Farmhire, **Trail Trimmers**, and **RoadReady Iowa** initiatives
- ★ **Crop Diversity & Energy Sovereignty Act (CDESA)**
MycoFuel Engineers, **SolarBerry Brigade**, and
Union Energy Works
- ★ **Iowa's Right to Repair Act (IRRA)**
Iowa FryerForce and **Biofuel Mechanics**
- ★ **Iowa's Right to Homestead Act (IRHA)**
Gardens Across Iowa! and **Housing Helpers**
- ★ **The "Set the Captives Free!" Act**
A supervised CRC work release program for reduced sentencing

★ **10 CRC Initiatives**

5 Worker-Owned Cooperatives ("WOCs"), and 5 Workforce Development ("WFDs") led by Iowa Business Leaders

★ **10 Independent CRC Commissions**

Statewide oversight, guidance, and support for each initiative

10 Initiatives to Choose From

5 Worker-Owned • 5 Workforce Development

**Worker-Owned Cooperative
("WOC") Initiative**
Build Projects. Become Owners.

Start with CRC funding and
state support

Build roads, water systems,
and community infrastructure

Earn ownership as projects
succeed

Reinvest a small share into the
Iowa Commonwealth Trust

**Workforce Development
("WFD") Initiative**
Helps Iowa Businesses Grow.

Iowa businesses become
CRC-certified partners

Use CRC Vouchers to offset
costs and hire workers

Select projects through the
CRC Portal

Oversight and Support by an
Official CRC Commission

Reinvest a small share into the
Iowa Commonwealth Trust

Both pathways keep wealth in Iowa and reinvest in our future.

Iowa Commonwealth Act — ICA

A Strong Economic Engine for Iowa

How Iowa rebuilds infrastructure and jumpstarts our economy:

- ★ **The CRC Central Hub**
Where Iowans apply, invest, and launch projects
- ★ **The New Iowa Stock Market**
Open to every Iowan to invest in CRC initiatives
- ★ **The CRC Voucher Program**
Lowers costs and directly funds Iowa businesses and projects
- ★ **The CRC Inventor's Guild**
Turn ideas into patented, market-ready products
- ★ **Iowa Commonwealth Trust**
Funds schools, libraries, roads, bridges, healthcare, and community projects that help Iowans live sustainably

New Iowa Stock Exchange™

A New Engine to Drive Iowa's Economy

Iowans can invest directly in renewing our infrastructure and economy:

1.) Iowans can buy stock

Across all 10 CRC initiatives, which include Iowa businesses.

2.) Stock pays for CRC Vouchers

Vouchers help CRC-certified businesses cover equipment, expand hiring, and provide employee meals at Iowa restaurants.

3.) Dividends return profit to Investors

Dividends return a share of profits to Investors as CRC projects succeed.

4.) A small micro-transaction tax (MTT) funds Iowa

A small portion of each transaction goes to the Iowa Commonwealth Trust to support roads, libraries, schools, and healthcare for Iowans.

See Full Plan on WildWillpower.org

Wait... did you say... A New Iowa Stock Market??

Iowans can
buy stock
in CRC
Initiatives

to fund CRC
initiatives
improving Iowa's
Infrastructure.

Investments
pay for
CRC
Vouchers

that reduce
costs for
the 10 CRC
Initiatives.

CRC
initiatives
generate
revenue.

Dividends
are returned
as profit to
Investors.

This is how Iowans invest in our own future.

A Small Micro-Transaction Tax

Helps fund The Iowa Commonwealth Trust

**When Iowans
invest in
CRC stock...**

*Why invest
on Wall Street
when you can
invest in Iowa?*

**... a Micro-
Transaction
Tax (MTT)
is applied....**

*A very small fee —
similar to a sales tax,
but on trades.*

... helping fund the Iowa Commonwealth Trust:

*Funds schools, libraries,
roads & bridges,
police & fire departments,
and the
New Iowa Healthcare Compact.
The Trust is protected from political
interference and reserved for Iowans.*

The Iowa Commonwealth Trust

Generate → Retain → Reinvest

The Iowa Commonwealth Trust is a public investment fund owned by the people of Iowa. It keeps wealth in-state and reinvests it into healthcare, infrastructure, and economic growth.

How It Works

1.) Iowa generates value

Through work, business growth, and innovation

2.) A portion stays in Iowa

Revenue flows into the Commonwealth Trust

3.) The Trust reinvests

Funding healthcare, infrastructure, and economic opportunity

*“The end of law is not to abolish or restrain,
but to preserve and enlarge freedom.”*

— John Locke

Instead of wealth leaving Iowa, it stays here—and works for you.

CRC Inventor's Guild™

Turning Iowa Ideas Into Products and Ownership

Helping Iowans transform ideas into products:

1.) Iowans bring forward ideas

Inventors present concepts to the Guild, where experts help refine, validate, and prepare them for patent submission.

2.) Ideas are developed and protected

The Guild provides tools, expert mentorship, and state-supported patent assistance—removing the financial barriers that prevent everyday Iowans from protecting their ideas.

3.) Innovations move to market

Inventions are developed into real products—keeping ownership and wealth in Iowa.

The Inventor's Guild's

Iowa LegacyShare™ Pathway

Iowans have great ideas—but most never make it to market.

Why? Patent protection is expensive.

The Inventor's Guild helps you:

- 1.) Develop and patent your idea
- 2.) Build and refine your product
- 3.) Bring it to market at scale

In exchange, a small share (1–5%) of successful royalties returns to the Iowa Commonwealth Trust—funding future inventors—and strengthening Iowa's schools, infrastructure, and healthcare.

👉 No success → no cost.

👉 Success → a tiny fraction helps other Iowans.

You own your patent. You keep your success. Iowans celebrate.

Iowa: The "If You Build It" State

Iowa LegacyShare™ Pathway

A voluntary way to turn success into lasting impact.

LegacyShare makes it simple.

1.) You succeed

You've built something meaningful.

2.) You choose to give back

Dedicate a small % of royalties to the Iowa Commonwealth Trust.

3.) Your legacy lives on

Your name, invention, and message are preserved for the future.

Legacy Recognition

— Honored in Legacy Hall

Your name and invention become part of Iowa's story.

— Your story lives on

Shared in a video message to future generations.

— Your impact grows

Helping shape Iowa's future.

What you build is yours. What you leave shapes the future.

There's only one way to make it happen:
