Unfortunately unless you request the Right To Sue you are not entitled to the complete file, meaning, you can only receive what was sent to you or received from you. If you desire the complete case file you will need to request the RTS. BUT you absolutely do not want to request the RTS until you speak with an attorney. Please give me a call if you would like to discuss why and in more detail. Thank you!

Thank you.

I would like to perform a records request from the ICRC please; I am particularly interested in seeing the evidence and statements adverse parties submitted to support their claims. I can't imagine what is being taken out of context to support their claims, but I would like to review that and show it to an attorney.

I didn't see a place on your website for performing a records request; is there a link you can send me?

Thank you very much,
Sondra Wilson
