JOINT PUBLIC STATEMENT & DEBATE CHALLENGE

September 17, 2026

A JOINT CHALLENGE FOR A REAL FOUR-CANDIDATE DEBATE CYCLE

We are two regular Iowans who care deeply about the future of our state. We spent years building our separate campaigns, developing serious platforms, and preparing to offer Iowa voters something different. Many Iowans have heard that we were kept off the ballot, but few have heard the full story. We have publicly released those stories on WildWillpower.org, and we're asking Iowans to carefully read them, consider how these events have impacted our elections, and stand up now to demand a fair election cycle.

Iowans deserve real debates and real elections. In that spirit—and for the future of our state—we hereby publicly challenge Rob Sand and Zach Lahn to join us in a four-candidate debate cycle.

Anything less will not be a real election.

LET EVERY CANDIDATE BE HEARD. ALLOW QUESTIONS FROM ACROSS THE STATE. LET THE PEOPLE DECIDE.

An election board or court may determine whose name appears on a printed ballot. It should not determine whose ideas Iowans are permitted to hear.

We invite media organizations, universities, civic groups, potential hosts and sponsors to contact WildWillpowerPAC@gmail.com and help organize a four-candidate debate cycle across Iowa. Candidates wishing to accept this challenge may sign below and return the statement to that address.
